

## **THORNE NURSING STATION FULL TIME NURSE PRACTITIONER**

Make the Thorne Nursing Station your career destination. We want you to be inspired by what we are doing. Our mission, vision and values, combined with our strategic initiatives, are what make the Thorne Nursing Station a respected health care organization.

### **POSITION SUMMARY**

- Reporting to the VP Clinical Services / CNO at the Mattawa Hospital, the Nurse Practitioner's role is comprised of four domains of practice including clinical practice, leadership, collaboration, and consultation.
- The Nurse Practitioner oversees the daily operations of the Thorne Nursing Station.
- The following services are offered by the Nurse Practitioner at the nursing station:
  - Primary care services.
  - Preventative and urgent care to those with or without a primary care provider.
  - Annual Health Exams.
  - Prenatal and well-baby visits.
  - Diagnosis and treatment.
  - Prescribing medications and ordering tests.
  - Lesion removal and suturing.
  - Vaccinations, immunizations and allergy injections.
  - Care for minor emergencies.
  - Referrals to other health care professionals.
  - Laboratory services, by appointments only.

### **QUALIFICATIONS**

- Current registration in the Extended Class with College of Nurses of Ontario.
- 3-5 years clinical experience.
- Advanced assessment and diagnostic reasoning skills.
- Strong problem solving and negotiation skills.
- Must be able to practice independently and interdependently.
- Demonstrated leadership to advance the practice of nursing and inter-professional practice to achieve established goals.
- Excellent communication skills and the ability to develop positive relationships with patients, families, physicians and inter-professional team members.
- Demonstrated use of theory and research to enable evidence based practice.
- Excellent organizational skills.
- Demonstrated program/project development.
- Current Basic Cardiac Life Support certification.
- Bilingual (French/English) mandatory.
